

Badger's Den

Vol. 1,1

What we did this week:

This week we formed teams, decided on team names, worked on T-Shirt designs and Built field Sets.

What are we doing next week?

Rookie teams will move through 3 twenty minute rotations covering building, programming and research. Experienced teams will finish up building the field sets. They should set goals for their team and start discussing who will fulfill which roles on the team. Then they can begin discussing which missions to attack first. A discussion on how to begin research should also be held.

Deadlines:

T-Shirt art is due on Thursday September 27 and should be a clean piece of art submitted on a CD.

Tips

- The T-Shirts are white so you don't have to count white as a second color!
- Any one of you can get a building permit to use a classroom in a MMSD school. Contact the school secretary if you need a place to meet.

Critical Needs

- Make sure you get everyone on your team to sign up to be on the mailing list!

CORE Values

We are a team.

We do the work to find solutions with guidance from our coaches and mentors.

We honor the spirit of friendly competition

What we discover is more important than what we win.

We share our experiences with others.

We display gracious professionalism in everything we do.

We have FUN!

Gracious Professionalism

Attitudes and behaviors are "win-win"

Respect others and let that respect show in your actions

Make a valued contribution in a pleasing manner due to your special knowledge and skills.
