

Badger's Den

Vol. 1,4

What we did this week:

- Monday had speaker on energy use, Richard Shatten, from the UW Institute for Environmental Studies
- The rest of Monday and Thursday we worked.
- The shirts are ordered (1 team to go), and almost all forms are turned in. We appreciate it!
- Thanks to everyone who helps with setup and cleanup!

What are we doing next week?

- We will have another speaker on Mon 8th on wind energy. Bring your questions!
- Then on Mon 15th a speaker on nuclear energy. Otherwise our meetings are devoted to work time.
- We need volunteers for the tournament... see email for details!!!

Deadlines:

- Note that the Thurs Oct 25 meeting is cancelled.

Tips

- Any one of you can get a building permit to use a classroom in a MMSD school. Contact the school secretary if you need a place to meet.
- Bring questions for the guest speakers and take notes. You can use these in your presentation.

Critical Needs

- We will need lots of people to help with the tournament Saturday Nov 3. We're hoping that each team can come up with 2-3 volunteers.
- If you know anyone who works for a company that might donate, we need corporate sponsors. Please see Ben or Chris with your ideas.

CORE Values

We are a team.

We do the work to find solutions with guidance from our coaches and mentors.

We honor the spirit of friendly competition

What we discover is more important than what we win.

We share our experiences with others.

We display gracious professionalism in everything we do.

We have FUN!

Gracious Professionalism

Attitudes and behaviors are "win-win"

Respect others and let that respect show in your actions

Make a valued contribution in a pleasing manner due to your special knowledge and skills.
